

 Biosyntia

Student Assistant in Business Development

Do you want to be a part of a vibrant biotech start-up with the technology to change the world?

Deadline: Aug 20, 2017

Innovative company with unique technology and people

Biosyntia is funded by Novo Seeds to develop high-performance microbial strains for fermentation of fine chemicals, enabling cost-competitive and sustainable manufacturing processes. Biosyntia has been recognized as one of the top five most innovative Biotech SMEs in Europe and one of the top 10 best start-up stories in Europe. The company is driven by a team of passionate entrepreneurs that truly believe biotech innovation will help drive the world into a greener, bio-based future.

The Position

Solving the technical challenge is one part of the equation – solving the commercial challenge is the other. Given we are a small commercial team, you become part of a fast-paced team and get exposed to a wide range of the commercial activities required to succeed with a biotech startup. Your analyses will also feed directly into management meetings and heavily influence our decision making. Hence, a great opportunity to try to apply your academic theory into practice. We expect you to work on average 15 hours/week and are naturally flexible around exam periods. You will be offered a start-up salary.

Qualifications

You are a top performing student in the process of completing a relevant degree (e.g. M.Sc. or B.Sc. within Business administration, International Business, Finance, etc.). You have an analytical mind-set and you can handle a large volume of information and transform it into structured overviews. You are a fast learner, able to deliver results both independently and in collaboration with others. You have well developed interpersonal skills and a confident interacting with people from different backgrounds. Experience in applying Excel for analyses or a strong passion to learn this is a requirement and you need to work fluently in English.

Application

Please apply directly to: mp@biosyntia.com

Contact person is: Martin Plambech (CEO), phone +45 31 58 30 01.

Deadline

20. August 2017. Please note that application will be reviewed on an on-going basis and interviews will be planned as soon as a suitable candidate is identified
